

**Nature,
Nurtured...
Naturally.**

Thirty years ago, Seajoy made the commitment to farm our prized Pacific white shrimp naturally... sustainably.

That's why we nurture and carefully control every aspect of production at our vertically integrated farms in Ecuador, Honduras and Nicaragua.

Our close proximity to North America gives us the flexibility to work closely with our customers to develop the new products their markets demand.

Let Seajoy's premium White shrimp help grow your sales...
and your profits, year after year.

After all, isn't that what sustainability is all about?
